- Saint Stanislaus College (Secondary) - (Georgetown, Guyana) 2002-2005

4 Work experience

4.1 Junior Graphic Artist - DD Signs

2007-2008

A privately owned graphic design and large-scale printing firm located in the heart of Georgetown, Guyana offering banner and signage design, print and installation in and around the Georgetown, Greater Georgetown area. Received client input concerning incoming orders. Part of a small design team, designated the task of general artwork design and conceptualization, from conception to completion for print. Printing and preparation of small orders, such as posters, business cards and leaflets.

4.2 Graphic Artist - Guyenterprise Advertising Agency

2008 - January 2011

A private family owned graphic design and advertising firm located in Georgetown, Guyana, capable of producing complete advertising campaigns from concept to completion. Also involved in banner and signage design and printing, and installation in and around the Georgetown, Greater Georgetown area. Part of a team of professional local and international graphic artists tasked with the creation of exceptional artwork for advertisements and promotions, also miscellaneous banners and signs. Designed numerous newspaper advertisements, posters, booklets, pamphlets and business cards. Co-operated with Client Services Officers (CSO's) on various orders from concept to completion. Printed and prepared various business cards, booklets, leaflets, pamphlets and posters.

Assisted in and designed artwork for Guyana National Telephone Directory Yellow Pages and White Pages adverts and space fillers. Worked with fellow colleague in designing, constructing, uploading and managing websites for small local companies.

4.3 Graphic Artist/Web Developer - E-Networks Inc.

January 2011 - June 2011

A large-scale Internet Service Provider based in Georgetown, Guyana, providing multiple broadband based services to the Guyanese public (Broadband Internet, VOIP and Cable Television). Sole artist of a Marketing team, charged with producing advertising campaigns for various company promotions. Designing in-house artwork (letterheads, company organisational chart, etc...) Responsible for managing the E-Networks website using Joomla! (I worked with Adobe Flash, also, using ActionScript 2 and 3 in some cases). Graphic Artist/Web Developer – Archis Technologies June 2011- April 2013 A Mid-size Networking Company based in Orlando, Florida outsourcing projects to myself in Georgetown. Sole artist, designing marketing materials and websites for clients on a project basis. Responsible for managing Archis' many clients' websites using DotNetNuke. DotNetNuke, a CMS, was used to build most clients websites. I built themes and developed their websites from the ground up.

4.4 Graphic Artist - Demerara Distillers Limited

April 2013 - May 2016

One of the largest conglomerates in the Caribbean and a well respected name around the world. Sole producers of Demerara Rum in the world among other top quality products. Sole artist working with a large and experienced marketing team. Working on a project based schedule to ensure that work is completed quickly.

4.4.1 Projects:

- Heritage Month 2013 (June - July 2013)
- Guyexpo 2013 (September - October 2013)
- Heritage Month 2014 (June - July 2014)
- Guyexpo 2014 (September - October 2014)

4.5 Software Developer - IntellectStorm

February 2016 - Present

A small, but passionate and incredibly skilled collective of young people trying to bring Guyana into the 21st century and change it for the better. Web & mobile developer on a small team
